Dear Senator Miller and Representative Pocan,

Attached you will find the University of Wisconsin System's report to the Joint Committee on Finance on *Management and Staff Positions*, as required by s. 36.11 (33), Wis. Stats.

The enclosed report follows the format used for the last several years. It contains the following four parts that coincide with the statutory requirement:

Part I: The definition of "management" and "staff." The Board of Regents uses the federal AA/EEO reporting definitions for executive, administrative and managerial positions.

Part II: A listing of all unclassified and classified titles the UW System is allowed to assign to employees under Regent Policy and civil service law.

Part III: The criteria used to categorize positions as either "management" or "staff."

Part IV: The number of employees in each management and staff category (and sub-category) by UW institution. A summary table is also provided.

Thank you for your time and attention. Please contact Alan N. Crist, Associate Vice President for Human Resources and Workforce Diversity (608-263-4384) if you have questions about the report.

Sincerely,

  
Kevin P. Reilly  
President

cc: Board of Regents  
Chancellors  
Associate Vice President Crist  
Cabinet

Universities: Madison, Milwaukee, Eau Claire, Green Bay, La Crosse, Oshkosh, Parkside, Platteville, River Falls, Stevens Point, Stout, Superior, Whitewater. Colleges: Baraboo/Sauk County, Barron County, Fond du Lac, Fox Valley, Manitowoc, Marathon County, Marinette, Marshfield/Wood County, Richland, Rock County, Sheboygan, Washington County, Waukesha. Extension: Statewide.

## **PART I: Definition of Management and Staff**

### **DEFINITION OF "MANAGEMENT"**

For purposes of reporting to the Joint Committee on Finance pursuant to s. 36.11(33)(b), Wis. Stats., the University of Wisconsin System defines "management" as employees who perform activities described by the following Affirmative Action/Equal Employment Opportunity federal reporting category:

Executive, Administrative and Managerial:

Include all persons whose assignments require primary (and major) responsibility for management of the institution, or customarily recognized department or subdivision thereof. Assignments requiring the performance of work directly related to management policies or general business operations of the institution, department or subdivision, etc. It is assumed that assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgment, holding such titles as President, Vice President, Dean, Director or the equivalents, as well as officers subordinate to any of these administrators of academic departments (chairperson, heads, or the equivalent) if their principal activity is administrative.

NOTE: Supervisory personnel of the technical, clerical, craft, and service/maintenance force will be reported within the specific categories.

### **DEFINITION OF "STAFF"**

For purposes of reporting to the Joint Committee on Finance pursuant to s. 36.11(33)(b), Wis. Stats., the University of Wisconsin System defines "staff" as employees who perform activities described by the following Affirmative Action/Equal Employment Opportunity federal reporting categories:

Faculty:

Include all persons whose specific assignments customarily are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities), and who hold academic rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any one of these academic ranks. Report in the category Deans, Directors, or the equivalents, as well as Associate Deans, Assistant Deans, and executive officers of academic departments (chairpersons, heads, or the equivalent) if their principal activity is instructional. Do not include student teaching or research assistants.

Professional Non-faculty:

Included in this category are persons whose assignments would require either college graduation or experience of such kind and amount as to provide a comparable background. Included would be all staff members with assignments requiring specialized professional training who should not be reported under Activity 1 (Executive) or Activity 2 (Faculty), and who should not be classified under any of the four "non-professional" categories of activities.

**Clerical and Secretarial:**

Include all persons whose assignments typically are associated with clerical activities or are specifically of a secretarial nature. Include personnel who are responsible for internal and external communications, recording and retrieval of data (other than computer programmers) and/or information and other paper work required in an office, such as bookkeepers, stenographers, clerk typists, office-machine operators, statistical clerks, payroll clerks, etc. Include also sales clerks such as those employed full-time in the bookstore and library clerks who are not recognized as librarians.

**Technical and paraprofessional:**

Include all persons whose assignments require specialized knowledge or skills which may be acquired through experience or academic work such as is offered in many 2-year technical institutes, junior colleges, or through equivalent on-the-job training. Include computer programmers and operators, drafters, engineering aides, junior engineers, mathematical aides, licensed practical or vocational nurses, dietitians, photographers, radio operators, scientific assistants, technical illustrators, technicians (medical, dental, electronic, physical sciences), and similar occupational-activity categories but which are institutionally defined as technical assignments.

Include persons who perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept.

**Skilled Craft:**

Include all persons whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on-the-job training and experience or through apprenticeship or other formal training programs. Include mechanics and repairers, electricians, stationary engineers, skilled machinists, carpenters, compositors, typesetters, and upholsterers.

**Service/maintenance:**

Include persons whose assignments require limited degrees of previously acquired skills and knowledge and in which workers perform duties which result in or contribute to the comfort, convenience and hygiene of personnel and the student body or which contribute to the upkeep and care of buildings, facilities or grounds of the institutional property. Include chauffeurs, laundry and dry cleaning operatives, cafeteria and restaurant workers, truck drivers, bus drivers, garage laborers, custodial personnel, gardeners and groundskeepers, refuse collectors, construction laborers, and security personnel.

### **PART III: Criteria Used to Categorize Positions**

The Board of Regents relies on position title definitions as the criteria for placing positions in the appropriate Affirmative Action/Equal Employment Opportunity (AA/EEO) category.

Position title definitions for faculty positions have been used since merger of the University of Wisconsin System and the Wisconsin State University System in 1973. Position title definitions for academic staff positions have been used since 1986 when the University of Wisconsin System and the Department of Employment Relations (now the Office of State Employment Relations) jointly developed a categorization structure for academic staff positions.

Position classification specifications for University of Wisconsin System classified positions are established by the Office of State Employment Relations.

Each unclassified position title definition and each classified position specification is assessed for placement in one of the federal AA/EEO employment categories. By virtue of the title or classification assigned, each University of Wisconsin System employee is placed into the appropriate AA/EEO category.
